# OUR PROFILE

Founded as *Sugar & Spice* in 1987, we're proud to say we're one of the longest-running trade bakeries in the UK. It's thanks to our trusted delicious recipes and continued innovation that has kept our cakes accompanying coffees for 35 years.

In 2020 we became **Ardington Bakery** and moved online, trading direct to businesses. This allowed us to provide better individual care and attention to our customers whilst providing a 24hr ordering platform.

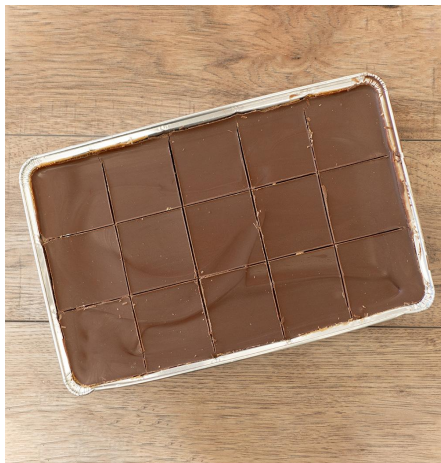

All of our bakes are made using high quality ingredients alongside tested and proven methods. From delicious Belgian chocolate and Tiptree jams to plump Turkish fruit and sweet marshmallows, our classic and timeless cakes are packed full of incredible flavour.
